A UNIQUE RANGE OF APPLICATIONS

The diagram consists of seven overlapping circles arranged in two rows. Each circle contains a different colored semi-circle and a corresponding application label. The top row includes Lamination (red), Carton windows (yellow), Thermoform (purple), and Labels (light blue). The bottom row includes Anti-fog films (grey), Backlit (green), and Industrial use (blue). The circles overlap in the center, creating a central area where all colors meet.

Lamination
